PROFESSIONAL SUMMARY

MERN Stack Developer seeking Full-Stack / React.js Internship or Junior Developer role. Hands-on experience building and deploying full-stack applications using React.js, Node.js, Express.js, MongoDB, RESTful APIs, and JWT authentication. Built and deployed 2+ production MERN projects, including an AI-powered career platform with 5 Gemini API features.

PROJECTS

CareerPilot AI — AI-Powered Career Management Platform

React.js, Node.js, Express.js, MongoDB, Tailwind CSS, JWT, Gemini API

- Built and deployed full-stack AI career platform (React/Vite on Vercel + Express/MongoDB on Render) with JWT authentication, protected routes, and profile management.
- Developed end-to-end job application CRUD with dashboard analytics and visual charts.
- Integrated Gemini API for 5 AI features: Resume Review, Cover Letter Generator, Interview Question Generator, Project Explanation, and Quick AI Prompt.
- Resolved routing, CORS, and frontend-backend integration issues.

Food Ordering MERN Application (VM Bites)

React.js, Node.js, Express.js, MongoDB, Tailwind CSS, JWT

- Developed full-stack food ordering platform with authentication, cart management, and complete order processing.
- Implemented JWT authentication with role-based access control and admin dashboard for food items & orders.
- Designed RESTful APIs with CRUD operations and integrated them with React frontend using Axios.

WORK EXPERIENCE

Manishit Technologies Pvt. Ltd.

Jan 2025 - Apr 2025

Front End Developer Intern

Indore, MP

- Developed and improved responsive, cross-browser user interfaces using React.js, JavaScript, HTML, and CSS across desktop, tablet, and mobile screen sizes.
- Worked on existing React-based applications with component-based architecture by fixing UI issues, improving layouts, and modifying components based on assigned requirements.
- Resolved responsive and styling issues involving spacing, alignment, component layouts, and mobile screen behavior, while using Git and GitHub for version control.
